Objective

I aim to work as an Intern or Developer on web development and system integration projects, contributing with efficient, user-centered solutions.

Professional Summary

I am an Information Technology professional currently pursuing a degree in Systems Analysis and Development. I have hands-on experience in developing web applications using React, Node.js, and PHP, as well as integrating Microsoft APIs (Outlook, Azure). I have worked on internal systems for room management, logistics dashboards, and Power BI panels. I am also knowledgeable in agile methodologies and UX best practices.

Professional Experience

Freelancer – Workana

May 2024 – May 2025 · 1 year

- Working on user experience (UX) and web page development projects.
- Delivering accessible, responsive, and user-friendly solutions.

Software Developer – Alfama Foods

Sep 2024 – Feb 2025 · 6 months

- Developed systems using React.js, Node.js, and MySQL, including internal portals, dashboards, and integrations with Outlook, Power BI, and Canva.
- Hybrid work model focusing on collaboration between business areas and IT.

Intern – Syngenta

Apr 2023 – Apr 2024 · 1 year

- Recommended ideal products by region and crop, ensured great customer experience with new products, and provided technical and administrative support.
- Issued invoices, drafted contracts, registered suppliers, and assisted in consolidating trial data.
- Gained experience with SAP ERP and SAP Ariba.

Billing Assistant – Troppa Implementos

Aug 2022 – Mar 2023 · 8 months

- Issued invoices, conducted accounting studies, registered chassis, and supported the finance department.
- Provided customer service and front desk support.

Administrative Assistant – Grupo Mascarello

Apr 2022 – Jul 2022 · 4 months

- Provided customer service, registered invoices in DataSul (TOTVS), weighed trucks, and received chassis.

Production Assistant – Grupo Mascarello

Jan 2022 – Mar 2022 · 3 months

- Worked on the assembly of electrical panels, batteries, and lighting harnesses in buses.

Apprentice – Grupo Mascarello

Sep 2020 – Dec 2021 · 1 year 4 months

- Assisted in the assembly of electrical panels and batteries for buses, and supported the team with equipment transport.

Education**Bachelor's in Systems Analysis and Development**

Institution: Univel

Start: 2023 – Expected Completion: 2026
